THE RIGHT CHOICE FOR CRITICAL PROCESSING

All components are listed in the CFR as generally recognized as safe for contact with food as dictated by 21CFR 176.170. Pharmaceutical Grade Micro-Media® Series Depth Filter Media is manufactured in accordance with ErtelAlsop Drug Master File located at the United States Food and Drug Administration Center for Drug Evaluation and Research.

COMPOSITION

This allows for the highly efficient removal of particles smaller than the filter's nominal rating.
